HYDROPLANE RACING EXCITEMENT, ENTERTAINMENT & FUN!

The best place in the Nation to see the fastest boats and top drivers! Watch sleek Stocks, Grand National Hydros, Modifieds capable of incredible speed, J-Boats and Jersey Speed Skiffs, a favorite echoing the rum-running days of prohibition with the traditional two drivers at the helm. Listen to the roar of the race on the waters while Hot Air Balloons fly the skies and Arts & Crafts vendors line the streets of town!

RACE LOCATION

The 1.25-mile oval race course is located between the US Hwy 58 Business & US Hwy 58 Bypass Bridges on the Buggs Island Lake/John H. Kerr Reservoir in Clarksville, VA.

SPECTATOR VIEWING

- **On the Bridge:** Best race viewing is right on the US Hwy 58 Bus Bridge and Causeway – the road is closed to traffic for the weekend to allow spectator viewing from this area.
- **On the Water:** Spectator viewing is allowed from the water and your boat will be moored in a special area 250' outside the race course. The course is marked by buoys and spectator boats may not enter the course at any time, must pay close attention to all markers and obey the DGIF, Sheriff, and Coast Guard Patrol Boats.

PARKING OPTIONS

- **Park in Town** and walk across the bridge. Some golf cart shuttles will be available.
- **Park at Occoneechee State Park** (parking fee required) A shuttle may be available, but not guaranteed. (Public campgrounds available at this location.)
- **Park in designated areas only** in lot across from Uppy's. The majority of this site is designated for Race Crews and Volunteers but a portion may be available to the general public free of charge.
- **DO NOT PARK IN UPPY'S PARKING LOT PLEASE!**

HARVEST DAYS FESTIVAL

Along with racing excitement, Clarksville will be alive all weekend as the Clarksville Lake Country Chamber of Commerce hosts the Harvest Days Festival! Arts & Crafts, Entertainment and Food Vendors will line the streets of town where a variety of shops and restaurants offer more opportunities for the whole family to enjoy.
